PROFESSIONAL SUMMARY

Experienced Project Manager with over 25 years of proven success across diverse industries. Known for delivering results through strategic problem-solving, sound judgment, and a proactive approach. A detail-oriented, multilingual team player skilled in managing complex, cross-functional projects—from media production and construction to farming. Adept at adapting to changing requirements, building strong teams, and leveraging a wide range of software tools, including business, editing, and recording platforms. A global traveler with strong communication skills and a reputation for fostering collaboration and long-term relationships.

KEY ROLES & ACHIEVEMENTS

Film & Media Production

- Led the Botswana production of a UK international feature film (2015–2016), overseeing logistics, crew management, and government liaison.
- Managed the 50th anniversary film premiere, coordinating VIP security and red-carpet logistics with international stakeholders.
- Founder/Producer across multiple media companies, delivering films, documentaries, corporate videos, and music productions.

Executive Leadership

- CEO of two real estate firms, managing executive housing and commercial properties with high occupancy rates.
- Oversaw project budgeting, contractor coordination, and compliance with strict building regulations.
