RECENT WORK HISTORY

- **ESPN MMA – UFC JOURNEY DOC SERIES – RIYADH (JUNE) & ABU DHABI (JULY)**
Job Description: Field Producer/Fixer services for a documentary series filming the MMA athletes and their coaches in preparation for main event, and covering the final stages including weigh-ins, pre-fight processes, main event, and post-fight interviews, while handling costs, crew bookings, shoot permits, field production, and providing daily reports.
- **MAF – SHARE APP SOCIAL MEDIA CAMPAIGN (MAY)**
Job Description: Service Producer providing resources for International Production Company & Agency team filming in a green screen studio.

- **ABU DHABI MINISTRY OF INTERIOR – INTERNATIONAL SECURITY NATIONAL RELATIONS EVENT (MARCH – MAY)**

Job Description: I was the Line Producer for an immersive live event. The show had live action along with content that was filmed beforehand as part of the show. The project involved finding the right script writer; budgeting; crew management; cast coordination; multi-tasking and applying myself to give full production support due to limited resources. Thanks to my level of experience, I was able to manage multiple roles personally.

- **HILTON F1 MCLAREN – PAID PARTNERSHIP SOCIAL MEDIA CAMPAIGN**

Job Description: Service Producer providing resources for U.K prod company filming at Hilton Hotel on Yas Island with McLaren F1 drivers. We had to film with doubles as we only had the athletes for 1 hour due to their schedules. A lot of planning and rehearsing was done which enabled a very smooth shoot.

- **COMMEMORATION DAY CAMPAIGN – AUH GOVERNMENT**

Job Description: Producer responsible for the full production working closely alongside AUH Government and the UAE military.

- **RED BULL DESERT WINGS DAKAR RALLY SPORTS SHOOT**

Job Description: I have been working with the Red Bull Desert Wings Rally team for the past 3 years as a fixer providing permits, drone team and a small unit set up. We have become a great family working well together with the athletes & the marketing team.
